SANAT SHELAT

I believe that there are three main ways that we learn and move forward with something new – we can be either be shown it, be told about it or we can discover it for ourselves. The problem is this – how can anyone come to know what they don't know yet?

Over the last 45 years or so since leaving basic school education, there have been many times when I have found myself having aha! Moments of personal development discovery. Those times when the penny drops, or the lights go on in your mind and you find yourself saying: “that makes so much sense – why didn't anybody tell me that earlier”.

Well, it is my passion and delight now to share the tips, techniques and ideas that have made a big difference in my life and I truly believe could have value to you in yours.

Sanat has been a Toastmaster for many years. Serving in most of the club roles at the Heart of England club, Solihull. Recently Sanat served as Area Director. In 2019 he was a finalist in the District Table Topics contest. He is passionate about people taking control of their own destiny's

LIZ WELCH

Having a background in Paediatric Intensive Care, Liz, Clinical Nurse Consultant and Nurse Educator, took her first step through the Toastmaster door in 2008, becoming a member of Sandgate Toastmaster in Brisbane. Since then she has served in many executive roles, becoming Area 51 Director 2017-18, currently is Division N Director.

Toastmasters has been an amazing journey. I have met so many wonderful, and quirky, people. Whilst President of Sandgate Toastmasters in 2014, I was honoured to co-ordinate the club's 40-year celebration. It was a memorable evening, especially having the Division Governor present a 40-year Toastmaster membership badge to a founder and, to this day, a valued current member of Sandgate.

Since returning to UK, I've been privileged to mentor Liverpool Toastmasters as well as assist in the Chartering process of Bradford Speaks. I have grown a passion for mentoring. Embracing the Pathways mentoring programme has provided me with an opportunity to further enhance my skills. Mentoring has helped me understand new situations enabling me to share my knowledge and skills as well as learn from my mentees. I love to see members grow in confidence. From their first uncertain steps through the door, um-ing and ah-ing through that nerve-racking Ice Breaker to confident communicators.

Roles: President, VPM, Secretary, Treasurer, SAA, Area Director currently Division N Director.
